Beauty Glorified

Address Home introduces its latest spring summer collection of leather accents namely - beetle, cherokee and nebula. The designs are a creation of out-of-the-box thinking and newer techniques. Serving trays, magazine baskets, placemats, coasters, dustbins, tissue boxes, desk sets and a butler serving tray are part of the magnificent collection.

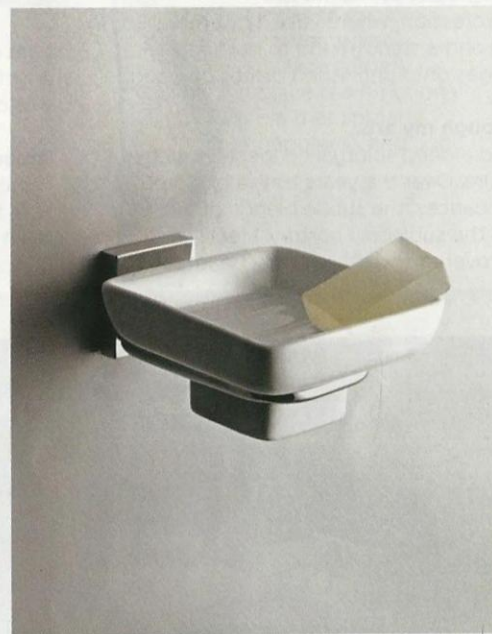

Time Travel

Lighting designers **Prateek Jain and Gautam Seth of Klove** unveil a new form called the totem necklace, which are time-honoured emblems of transcendence, tributes to the human enterprising spirit. The emblems are known for the qualities they possess, and the vibrations they exude, and feature four installations in glass and metal, including gold.

Clean Air

Dyson introduces the most powerful and intelligent vacuum cleaner - the Dyson V11. It's on-board screen will show current performance, including selected power mode and remaining battery run time. The screen will also remind you when to clean filters for optimum performance, and informs about any blockages and how to clear them via a video display.

High and Dry

Hilife Bath Accessories from the house of **KPS Sanitations** recently launched its two designer series namely Divine and Shalin. These designs can make your bathroom modern even without restoration. They bring comfort, and create an intimate and personal atmosphere.
